Phone: (541) 797-8292 | Email: blake.austin.dev@gmail.com | Indianapolis, IN, 46168
LinkedIn: /BlakeJohnson | Portfolio: BlakeJohnson.com | GitHub: /BlakeJohnson

Full Stack Web Developer leveraging background as a Network Technician, to provide unique perspectives on how end-users interact with websites and how they are built on the back-end. Earned a certificate in Full Stack Web Development from the University of Texas of Austin Coding Boot Camp. Innovative problem-solver who is passionate about developing apps with a focus on Object Oriented Programming, RESTful API design, as well as mobile-first design and development. Strengths in creativity, teamwork, and building projects from that first great idea all the way to deployment.

WeatherGroupie|
https://github.com/0Blockaye0/WeatherGroupie|
https://0blockaye0.github.io/WeatherGroupie/|
- Summary: Weather app that provides current and future weather forecasts in cities, then takes that data and uses it to make (free) API calls for music(samples) based on those conditions.
- Role: Main Contributor
- Tools: HTML, CSS, JavaScript, API, UI-Kit

TravelBlogger|
https://github.com/0Blockaye0/Travel-Blogger|
https://serene-tor-80949.herokuapp.com/|
- Summary: Blog site where users can share blogs about their travels, and comment on others. This is a great example of basic CRUD operations.
- Role: Front-End Design, Back-End Design

- Tools: Express, Handlebars, MySQL, JavaScript, Sequelize ORM, MySQL, Bycrypt

EXPERIENCE

Group One Construction   **2020-2021**
Site Supervisor   **Austin, TX**
Supervision of operations of commercial construction sites. Responsible for scheduling and making sure the goals of our clients and contractors are met by seamless communication and problem solving.

Walls & All   **2019-2021**
Metal Framer/ Sheet-Rock Installer   **Austin, TX**
Responsible for demo and layout, framing, door frame and door installation, ceiling grid installation, and also material pick-up. I also would oversee warehouse operations as needed.

Space Age Communications   **2018-2019**
Install/ Service-Tech   **Bend, OR**
Providing new and existing customers with installs for cable and internet, upgrades, service changes, and problem calls. I was responsible for inventory of hardware and materials, company vehicle, wireless connections and speed testing, as well as signal balancing.

All Points Broadband   **2014-2016**
Install/ Service-Tech   **Leesburg, VA**
Service technician and tower maintenance climber inherited from Loundoun Wireless after company merger occurred. My job duties consisted of installation, correction and repair of broadband service, on- call duties, network monitoring, detailed record keeping and network upgrades to both customer home subscriber units, repeater sites and tower access points. My job duties grew as the service area expanded and I was a crucial part of a fast growing local company providing service to both homes and businesses in the northern Virginia, West Virginia and Maryland Areas.

EDUCATION

Certificate, Full Stack Web Development – University of Texas   Austin , TX
